

Please do not expand the LPFM stations to take priority over current FM translator service. I currently listen to K-Love, broadcast in my area (91.2, 106.3 and 92.1) and this is critical. K-love would leave a deep hole in my community if they were unable to broadcast. There are no other radio stations in my area of this genre. K-Love provides a positive alternative to the junk played on most stations. This is a service I trully value.
